

Catch-Up Premium Plan COVID-19

Bader Academy

Summary Information								
School	Bader Academy							
Academic Year	2020-2021	Total Catch-Up Premium	£19,680	Number of pupils	82			

Guidance

Children and young people across the country have experienced unprecedented disruption to their education as a result of coronavirus (COVID-19). Those from the most vulnerable and disadvantaged backgrounds will be among those hardest hit. The aggregate impact of lost time in education will be substantial, and the scale of our response must match the scale of the challenge.

Schools' allocations will be calculated on a per pupil basis, providing each special school with a total of £240 for each pupil in reception (FS2) through to year 11.

As the catch-up premium has been designed to mitigate the effects of the unique disruption caused by coronavirus (COVID-19), the grant will only be available for the 2020 to 2021 academic year. It will not be added to schools' baselines in calculating future years' funding allocations.

Use of Funds	EEF Recommendations
Schools should use this funding for specific activities to support their pupils to catch up for lost teaching over the previous months, in line with the guidance on curriculum expectations for the next academic year in actions for schools during the coronavirus outbreak. Schools have the flexibility to spend their funding in the best way for their cohort and circumstances. To support schools to make the best use of this funding, the Education Endowment Foundation (EEF) has published a coronavirus (COVID-19) support guide for schools with evidence-based approaches to catch up for all students. Schools should use this document to help them direct their additional funding in the most effective way.	The EEF advises the following: Teaching and whole school strategies Supporting great teaching Pupil assessment and feedback Transition support Targeted approaches One to one and small group tuition Intervention programmes Wider strategies Supporting parent and carers Access to technology Summer support

Planned Expenditure – the headings below are grouped into the categories outlined in the Education Endowment Foundation's coronavirus support guide for schools Teaching and whole school strategies: Supporting Great Teaching, Pupil Assessment and Feedback & Transition Support i. **Desired Outcome / Impact** Action Approach and anticipated cost By who Review 1.1 Additional mentoring and Additional time for NQTs to be Directed and targeted support SW dedicated support for NQTs within improves knowledge skills and released and additional cover will school to ensure addition training is be required to facilitate extra understanding of NQTs to develop facilitated and specific support for release time. practice in the classroom. subject knowledge enabled. Further (£1,950) development of meeting a wide range of SEND inclusive of additional support. 1.2 Class DoJo is set up with class lists Staff are competent and confident in Training planned and rolled out. ΑН and teacher / staff access. Training the use of Class DoJo and are able to (£100) received to support allocation of work ensure all learning is uploaded. to pupils and how to use the Class DoJo system successfully.
