

**Jet Base
Overview of
Learning.**

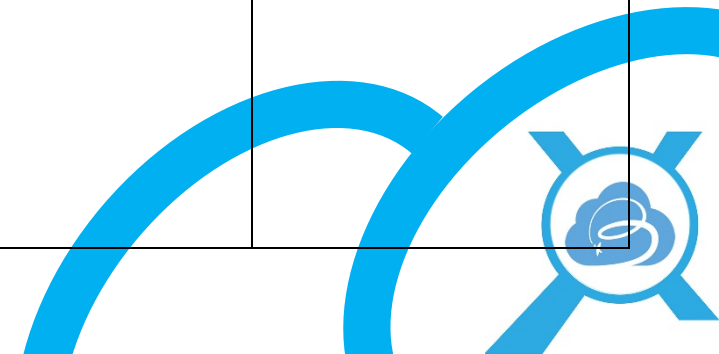

This term we are learning about
"What makes our world?"

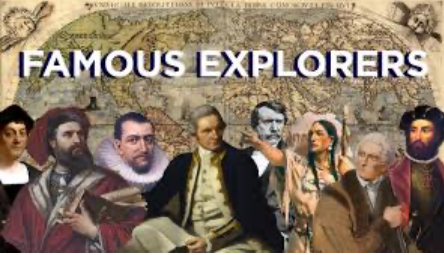

Our Change Maker principle,
this term is 'Sharing'

English	Maths	Science	Computing	PSHE/RSE
<p>This half -term we are exploring non-fiction texts. We will be looking at what makes our world including; natural and man-made features, the creatures that we share our world with and what humans have created to enhance our world.</p>  <p>We will be developing our understanding of words, phrases and sentence structures, including punctuation, openers and paragraphs.</p>	<p>This half -term as mega mathematicians we are going to be continuing our individual learning based on money, addition and subtraction,</p>  <p>multiplication, fractions and perimeter! We have lots of exciting number songs, activities and challenges to help our understanding.</p>	<p>As super scientists we are going to be investigating rocks and their uses. We are also going to be exploring fossils and we will be making our own "fossils"!</p> 	<p>We are going to become programmers this half term! We will be using a program called "Scratch Junior"</p>  <p>to create our own moving images, changing backgrounds and adding sounds! We will also try to "de-bug" problems with our programs!</p>	<p>This half-term we are going to undertake "mini" topic sessions to check our understanding of some different topics. These topics include: the internet, its uses and how to be safe online; money and the difference between "needs" and "wants" and how we can help if someone needs First Aid.</p>

Geography & History	Art and DT	PE & Music	RE
<p>In our Geography lessons this half-term we are going to be explorers! We are going to look at maps, pictures and videos of our world. We are going to identify different climates and how people live in some of the most extreme places on earth!</p>  <p>As historians we are going to be investigating some famous explorers, looking in to where they went, what they discovered, how they travelled and what impact this had on our world now.</p>	<p>As artists we are going to be exploring the world of Yayoi Kusama!</p>  <p>We will be looking at her artistic style and using a range of materials we are going to create our own types of art based on this.</p> <p>In our Design and Technology sessions we are going to become creators and inventors as we investigate, design and make a "robot" to help our world!</p> <p>This half-term in our food technology lessons we are going to be trying a range of different foods from around our world. We are going to explore what they are made from, how they taste, how they smell and if we like them!</p>	<p>PE- This half term young people will be introduced to badminton and tennis skills. They will be introduced to the rules of the game, how to serve with the correct technique, the forehand and the backhand skill. As well as this they will be trying to hit targets on the court with accuracy.</p>  <p>Music- To learn to sing songs from around the world. Play rhythms as accompaniment to the songs with untuned instruments</p>	<p>In our RE and SMSC sessions we are going to be looking at religious events and how they are celebrated. We will be exploring different cultures, beliefs and celebrations.</p>
