Overview
of
Learning.**

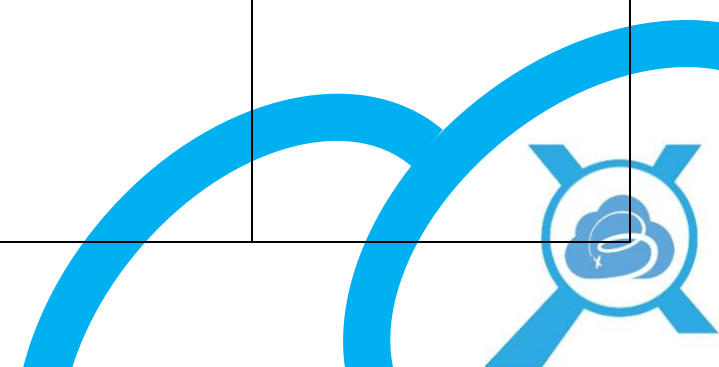

This term we are learning about
"What is our future?"

Our Change Maker principle,
this term is 'Love'"

English	Maths	Science	Computing	PSHE/RSE
<p>This half term we are going to be developing our knowledge of rhyming strings and its use in a story poem.</p>  <p>We are going to be reading a range of story poem authors this half term. Then we will be creating, developing and writing our own story poems.</p>	<p>As mathematicians this half term we are going to be looking at a range of different topics, including.</p> <p>Addition and subtraction,</p> <p>Place value,</p> <p>Multiplication and division</p> <p>Fractions.</p> 	<p>As scientists we are going to be developing our understanding of plants,</p>  <p>what parts they have and the role they play in an ecosystem.</p>	<p>In computing we are going to be developing our understanding of a computer keyboard, how it is made up, how to use it and some simple functions based on the keyboard.</p> 	<p>In our PSHE lessons we will be looking at keeping ourselves healthy- not just looking at a healthy diet! We are going to be looking at the following areas: Healthy Food Choices, Staying Active, Growing Up and Body Changes, Healthy Sleep Habits and Mental Health and Wellbeing!</p>

Geography & History	Art and DT	PE & Music	RE
<p>As Geographers we are going to be developing our understanding of plants, their ecosystems and how to grow them - linked to our Science topic.</p> <p>As historians we are going to be exploring the history of Flight, meeting a few famous people (such as the Wright Brothers) along the way! We will be looking at the Concorde and hypothesising what the aircraft of the future will look like.</p> 	<p>DT- Making - This half term we are going to be developing a range of different skills in order to create our own class mini village.... complete with "Minecraft" themed box characters!</p> <p>We will be focusing on developing our designing and making skills in the following areas:</p> <p>build on their previous learning, refining ideas and developing their ability to represent them.</p> <p>To safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function.</p> <p>Finally, to share their creations, explaining the process they have used.</p> <p>In food technology we will be following instructions to make a range of different foods - we create our own recipe cards to bring home!</p> <p>We are going to be making to following: Cereal and Toast, sandwiches, Pizza, Fruit salad, Fruit juice and everyone's favourite crispy cakes!</p> <p>As artists we are going to be exploring planes, linked to our history topic. We will be looking at designs of planes, drawing and developing our own ideas of planes, creating our own planes of the future.... And maybe even making a few paper aeroplanes on the way!</p>	<p>Music</p> <p>As musicians we are going to be developing our Music appreciation, analysis and composition skills. We are going to be listening to and exploring the music of Saint-Saens 'Carnival of the animals', we are going to be identifying sounds, beats and instruments. Then we are going to become composers and create our own piece of music to represent an animal!</p>  <p>This half term we are going to be Athletes! We are going to be enhancing our skills in the following areas:</p> <p>developing fundamental running skills and understand commands, enhancing jumping skills through varied techniques, develop precision in throwing skills,</p> <p>applying running and jumping skills in a team setting, exploring the importance of teamwork in athletic activities. Wow!</p> 	<p>In our RE and SMSC sessions we are going to be looking at religious events and how they are celebrated. We will be exploring different cultures, beliefs and celebrations.</p>
